Subject: Case Number 05-44481 (RDD)  
Objection to the June 16, 2009 Master Disposition Agreement,  
Article 9.5.11

Dear honorable judge Drain,

I am a recent Delphi retiree and have a severance payment contract from Delphi for Delphi to pay me for 6 months from March, 2009 to end of August 2009. I object to Delphi filing to stop the severance payments starting July 15, 2009.

If Delphi were to stop these payments it would entail great hardship for me as I have been depending on these payments for medical expenses until I find a new job. I have cut down on many expenses and moved in with a friend. I would lose around \$9963.51 if Delphi stopped paying after July 1<sup>st</sup>, 2009, something I can ill afford since I only receive a small pension, which too is in jeopardy.

In any case I fail to grasp how Delphi can legally stop these payments?

I have a signed legal contract.

The contract was entered in during Delphi's bankruptcy proceedings.

The payments are a contract liability and not a Delphi provided benefit.

I fully hope you will rule for Delphi to honor this legally binding contract.

I also believe that severance payments are Administrative Claims, and that I may have to file an Administrative Expense Claim Form with the court, if it becomes necessary.

Yours sincerely,

Manu Anand
